## The third edition of the Municipal Poetry Competition and Patriotic Song

*On November 26 at the Municipal House of Culture took place the third edition of the Municipal Poetry Competition and Patriotic Song, which was co-organized by our school.*

*The competition was attended by about 60 students from 8 educational institutions.*

*Prizes for all participants were funded by Mayor of Bełżyce, Ms. Elżbieta Kaszlikowska and Ms. Ewa Pietrzyk. Our school was represented by: Klaudia Dadej, Weronika Stawińska, Martyna Marczyńska. The girls took successively I, II, III place.*

## Meeting with dr hab. Roman Wysocki

The meeting took place in our school on 9 November 2015.

Dr hab. Roman Wysocki exemplified difficult relationship between Poles and Ukrainians in the years 1918 -1947.

The next visit of the UMCS lecturers has been planned for the second semester of the school year 2015/2016.

# *Prelude premiere - Moniuszko*

## Recital of songs by Stanisław Moniuszko

*The Grand Theatre - National Opera - Warsaw*

Mariusz Godlewski - baritone

Janusz Olejniczak - piano

Chamber concerts, which take place in the hall of Moniuszko, are occasions to encounter special kind of music - intimate, focused, closed in a miniature form. The preludes are short, one-hour concerts, accumulating music lovers and opera lovers looking for beautiful musical experience and a deeper understanding of the works created for the stage.

## THE RECIPE FOR A SUCCESSFUL ST. ANDREW'S DAY -

fast and delicious snacks !

Organizing a party you cannot forget about delicious snacks. You can prepare: crispy squares of puff pastry with cheese and snacks inspired by the cuisine from the border of America and Mexico. Here are some interesting pictures !

Squares of puff pastry with cheese

Quick Chili con carne

Tortilla with spinach leaves and loin

Sausage with pepper salsa

# THANKSGIVING

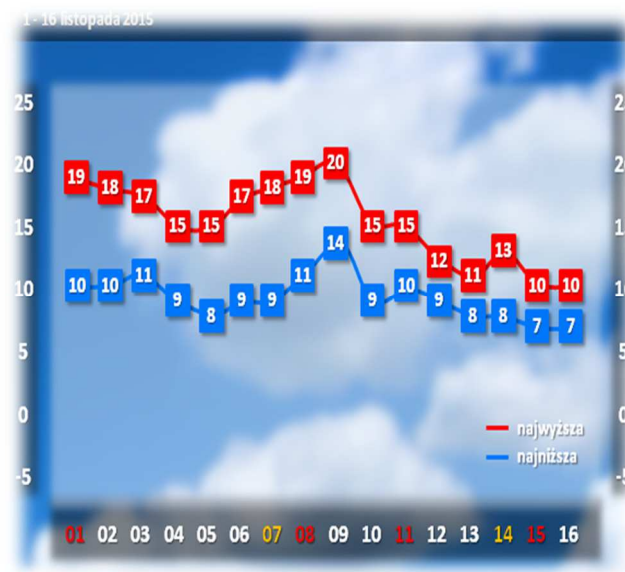

*Thanksgiving is the most important American holiday. That is closely linked with the history of the nation and has been celebrated for almost four centuries.*

*It started as a feast to celebrate the arrival of spring and passing of the winter held by the Plymouth Pilgrims and the native people of North America. They wanted to give thanks to the Lord for helping them survive the harsh winter months.*

*Thanksgiving is a happy event for the inhabitants of the United States. It is the time spent usually with one's family and sometimes friends. People eat special food traditionally served for the dinner: roast turkey with sweet potatoes and cranberry sauce, sweet corn, and pumpkin pie for the dessert. Before the dinner starts, family members pray and give thanks for all the good things that happened to them in the passing year.*

## 16-day forecast - November

Based on our recent long-term forecast, synoptics are predicting that thermometers will show from 10 to 20 degrees.

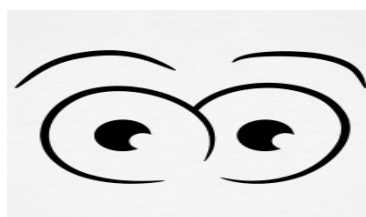

At night and on mornings are possible local frosts.

In the first week of November it will be dry and sunny. In the next week may be raining and strong winds may occur. A slightly more humid period will start. Even in the middle of the month there will be a place where the temperature will be in the afternoon up to 10 degrees.

## *How they see you, that's how they perceive you*

*Our school offers students more and more interesting meetings and workshops with people from outside. One such initiative was the meeting with Olga Smalej a graduate of the UMCS. It was held on November 19.*

*The theme was the study of personal culture, savoir vivre bases and communication with body language. These rules are with us every day so it was worth it to learn how to properly use them.*

# *Our National Day*

*November 11 is a very important day for every patriot.*

*Our school always celebrates the Independence Day. This year some of our students participated in the art and singing competitions which were organized by mgr Anna Adamczyk. In the category of art, prize winners were Justyna Litwinek, Ewelina Chrzanowska and Zuzanna Poleszak from class 1a. Moreover, in the song competition Weronika Stawińska and Martyna Marczyńska were awarded.*

*Congratulations!*

## *Class with class*

*On 19 November in our school took place a very interesting competition  
for the 'Class with class'*

*It was attended by three classes: 3a ,3b and 1at. The whole initiative was based  
on the application 'Kahoot' which consisted mainly in quick reaction of teams.  
The theme was knowledge about our school. The awards were very encouraging.  
For the first place the team could get a cash voucher from the Parent Council  
for an integration meeting. Class 3a received this prize. The second prize was a  
"free day" without all the tests and answers. It was won by Class 3b. The last  
place and the " Happy Number +" took class 1at. It was very funny.*
